TERMS AND CONDITIONS

PAYMENT

1. Payment Terms : • All orders must be paid 100% in advance before processing or dispatch. • No credit terms are extended under any circumstances. • Payment methods accepted: [List acceptable methods, e.g., Bank Transfer, Credit Card, UPI, etc.].
2. Order Confirmation & Processing : • Orders will be processed only upon receipt of full payment. • Delivery timelines will be communicated post-payment confirmation.
3. Return & Refund Policy :• No cash refunds will be issued under any circumstances. • In case of a valid return request (due to manufacturing defects or incorrect supply), a credit note will be issued for the invoice value. • The credit note can be used to purchase the same product or any other product from our catalogue within 6 months from the date of issue. • Return requests must be raised within 7 days of delivery, subject to inspection and approval.
4. Conditions for Returns : • Products must be unused, in original packaging, and with all tags intact. • Return shipping costs (if applicable) will be borne by the customer. • Manufacturing defects must be verified by the company before approval.
5. Exclusions : • Returns due to customer preference (e.g., change of mind) are not accepted. • Damages caused during transit (if not reported at the time of delivery) are not eligible for credit.
6. Governing Terms : • This policy is non-negotiable and applies to all customers uniformly. • Any disputes shall be subject to the jurisdiction of Bangalore Jurisdiction.

WARRANTY

1. Warranty Coverage: Unique Steel Products (HEATKO) ("the Company") provides a 12-month limited warranty on all item, valid from the **date of the original invoice**. This warranty covers **manufacturing defects** only and is applicable under normal use and service conditions.
2. Warranty Exclusions: The warranty **does not cover**: • Damage caused during transportation or improper handling. • Defects arising from misuse, negligence, unauthorized modifications, or improper installation. • Normal wear and tear, corrosion, or cosmetic damage not affecting functionality. • Equipment not installed, operated, or maintained as per guidelines.
3. Warranty Claim Process: • Replacement (Within 15 Days of Purchase): If a manufacturing defect is identified within **15 days of purchase**, the Company will provide a **free replacement** of the defective part or product, subject to inspection and approval. • **Repairs (After 15 Days):** For defects reported after 15 days but within the warranty period, the Company will **repair** the equipment at no cost. If repair is not feasible, a replacement may be provided at the Company's discretion.
4. Claim Submission : To file a warranty claim, the customer must: • Provide a copy of the original invoice. • Submit clear evidence (photos/videos) of the defect. •Return the defective product (if required) with transportation costs borne by the customer.
5. Resolution Timeframe : • Replacement claims will be processed within **15 working days** of approval. • Repair requests will be addressed within **30 working days**, subject to parts availability.
6. Limitation of Liability: The Company's liability under this warranty is strictly limited to the **repair or replacement** of the defective product. No compensation will be provided for indirect damages, lost profits, or operational delays.
7. Governing Terms: This warranty is **non-transferable** and applies only to the original purchaser. Any disputes shall be governed by the laws of Bangalore Jurisdiction.

SHIPPING & LIABILITY POLICY

1. Shipping & Delivery Terms:•All prices quoted in our catalogue **exclude shipping/delivery charges**. • The client is responsible for **all shipping costs** associated with the order. • **Loading** of equipment at our facility will be handled by [Company Name]. • **Unloading and placement** at the client's location is the **client's responsibility**.
2. Transit Damages & Liability :•HeatKo is **not responsible** for any damages incurred during transit. •Clients must **inspect shipments immediately upon delivery** and note any damages on the carrier's receipt before signing. • Any transit-related claims must be filed directly with the **transportation provider**.
3. Pricing Structure : (a) Catalogue prices include only: •Material costs •Standard packaging (b) **Exclusions from pricing**: • Shipping/delivery charges • Unloading, installation, or placement services • Any additional handling or on-site support.
4. Order & Delivery Process: (a). Client places order with 100% advance payment (as per payment policy). (b). HeatKo confirms order and arranges loading for dispatch. (c). Shipping method and carrier will be selected based on client preference (costs borne by client). (d). Client must ensure proper unloading and placement arrangements at destination.
5. Client Responsibilities : •Arrange and pay for transportation.• Provide adequate manpower and equipment for safe unloading. • Verify quantity and condition of goods upon delivery. • Report any visible damages to the carrier immediately (before signing the delivery receipt).
6. Limitation of Liability : HeatKo shall not be liable for: • Delays caused by shipping carriers. • Improper handling during or after transit. • Damages occurring after loading at our facility.

PRODUCTION & DELIVERY TIMELINE POLICY

1. Standard Stock Availability • We maintain regular stock of most fabricated kitchen equipment items in our warehouse. • Items marked "In Stock" in our catalogue are typically available for immediate dispatch upon receipt of payment.
2. Production Timelines for Made-to-Order Items : For items not currently in stock, standard production time is 15 working days from: • Date of order confirmation **AND** • Receipt of 100% advance payment. • This timeline includes manufacturing, quality checks, and dispatch preparation.
3. Factors Affecting Production Timelines : While we strive to meet the 15-working day standard, please note: • Force majeure events (natural disasters, strikes, etc.) may cause delays. • Peak season demand may impact production schedules.
4. Order Processing Procedure : (a). Upon order placement, we will: • Confirm stock availability within 24 working hours. • For out-of-stock items, provide written confirmation of the 15-working day timeline. (b) Production begins only after: • Full payment clearance.
5. Delivery Commitments : • Dispatch occurs immediately after production completion • Shipping timelines are separate from production timelines and depend on: • Client's chosen shipping method • Destination location.

CUSTOMIZATION POLICY

1. Standard Product Offering : At HeatKO, we specialize in manufacturing high-quality, standardized kitchen equipment designed for optimal performance and value.
Key Features of Our Standard Products: • Proven designs tested for durability and efficiency • Immediately available from stock (subject to demand) • Most competitive pricing in the market • Reliable, repeatable quality .
2. Customization Policy : (a) General Stance on Customization: •We **do not accept** customization requests for individual orders. • All products must be ordered as per our standard catalogue specifications. **(b) Exception for Bulk Orders :** Customization may be considered when: •Order quantity exceeds **100 units of the same item**. • Requested modifications are technically feasible. •Client agrees to extended production timelines.
3. Bulk Customization Process :
Step 1: Initial Inquiry: • Client submits detailed customization requirements. • Minimum 100-unit commitment must be confirmed.
Step 2: Feasibility Assessment: Our engineering team evaluates: • Technical viability. • Tooling requirements. • Impact on production schedules.
Step 3: Quotation & Timeline: •Custom pricing provided (typically 15-30% premium) • Production timeline established (minimum +50% standard time) •100% advance payment required.
Step 4: Production :•Client approves final specifications. • No changes permitted after production begins.
4. Why We Recommend Standard Sizes: • Cost Efficiency: No additional engineering/retooling costs. • **Faster Delivery:** Immediate availability from stock • **Proven Performance:** Reliable, tested configurations. • **Easy Replacement:** Standard parts simplify maintenance.
5. Limitations & Conditions : • All custom orders are final with no returns accepted • MOQ (100 units) is non-negotiable • Custom products may affect warranty terms.

BRANDS BY UNIQUE STEEL PRODUCTS

kitchenwhiz.in

KITCHENWHIZ – Engineering Culinary Spaces, From Concept to Completion. (Living Kitchens)

- Four Decades of Trust, Modern Excellence– A legacy brand with over 40 years of expertise, KITCHENWHIZ gained widespread recognition over the years by delivering high-quality, custom-built commercial kitchen equipment tailored to diverse culinary spaces.
- End-to-End Kitchen Solutions– Beyond manufacturing, KITCHENWHIZ offers full-scale consulting—covering design, project execution, MEP layouts, fabrication, installation, and equipment training—making it a one-stop partner for hotels, breweries, bars, cafés, restaurants, and bakeries.
- Uncompromising Quality & Design – Known for durable, modern designs with superior finishes, KITCHENWHIZ sets industry benchmarks in both functionality and aesthetics.
- India's Ultimate Kitchen Showcase– A 20,000 sq. ft. showroom featuring 100+ brands under one roof, complete with live demonstrations, ensuring customers make informed decisions with confidence.

BARWHIZ

BARWHIZ – Where Precision Meets Mixology.

- Cocktail Stations Built for Speed & Style– BarWhiz specializes in custom-designed, enabling bar tenders to dispense drinks with speed, blending international aesthetics with rugged durability for heavy-duty bar operations.
- Unmatched Finish & Craftsmanship– Engineered with premium materials, BarWhiz offers the finest finish quality in the Indian market, ensuring long-lasting, self-sufficient units that elevate any bar setup.
- Industry-Leading Innovation– The only brand in India with a showroom showcasing **10+ cocktail station designs**, BarWhiz pushes boundaries, challenging traditional bar layouts with cutting-edge concepts.
- End-to-End Bar Solutions– Beyond equipment, BarWhiz provides **consulting** for bar design, MEP layouts, manufacturing, installation, and service—plus a full range of bar furniture and essential tools.
- Community-Driven Brand– Collaborates with industry leaders and hosts events to engage the bar community, fostering trends, education, and networking.

HeatKO

HEATKO – Where Innovation Meets Culinary Precision.

- Premium Commercial Kitchen Equipment– HEATKO specializes in high-performance, heavy-duty cooking tools like Dimsum Steamers, Pasta Blanchers, Baine marie, Robata Grills, and IR Strip Heaters—designed for professional kitchens.
- Engineered for Excellence– Combining advanced technology and craftsmanship, HEATKO products deliver superior heat control, precision grilling, and optimal energy efficiency without compromising on durability.
- Safety & Sustainability Focus– Designed to minimize electrical load while maximizing safety, HEATKO ensures reliable, low-energy operation, making it an eco-conscious choice for modern kitchens.
- Sleek & Functional Design– Each unit is crafted to perform flawlessly while enhancing kitchen aesthetics, ensuring professional-grade results with a polished look.

USP ECO LINE

USP-ECOLINE – Affordable. Durable. Essential.

- Pure Stainless Steel, No Frills– Built entirely from high-quality stainless steel, ECOLINE offers sturdy, no-nonsense kitchen furniture—tables, racks, grease traps, and drain gratings—designed for long-lasting commercial use.
- Standard Sizes, Mass Appeal– Made in uniform dimensions for easy bulk procurement, catering to buyers who prioritize functionality over customization.
- Unbeatable Value for Money– Budget-friendly pricing without compromising on durability, making it ideal for cost-conscious businesses that refuse to pay a premium for basic essentials.
- Flat-Packed, DIY Assembly– Ships disassembled to cut logistics costs, with simple, tool-free installation—anyone can set it up using the included manual.
- Zero After-Sales, Built to Last– Designed for minimal maintenance and maximum longevity, ECOLINE eliminates the need for service support, keeping overheads low.

SHOWROOM

Our 20,000 sq. ft. showroom has a wide choice of equipment, both Indian and International, that can cater to any cuisine and any kind of food service. Many possibilities reside here. We welcome you to see for yourself.
