

We have over 45 years of nurturing and innovating commercial kitchens across all formats.

We provide full service from Planning and Designing, to Building and Maintaining the kitchens.

Our in-house capability of manufacturing custom- built equipment gives total flexibility in designing kitchens to fit any given space.

KITCHEN WHIZ®
SINCE 1977
ADVANTAGE

ADVANTAGE

We represent many major equipment manufacturers both Indian and Global.

If an equipment is not available in-house we will source it from any part of the world, as we have done for several of our clients.

We have a 10,000 sq. ft. showroom where you can experience the various choices first-hand.

We have a Demo Centre with multiple product trials across a variety of cuisines.
